LETTER OF REFERENCE

This letter is to certify that in 1999 Ivo Pantelev, a leading Bulgarian architect and partner of Architectural Design Agency – ADA Ltd. was invited to do the interior design and the furniture design for the VIP Reception Hall of the President of the Republic of Bulgaria. The design proved to be an event of interior architecture. All furniture pieces, manufactured by the Bulgarian leader in furniture production ORT, are unique. Ever since President Stoyanov has accepted many of his guests, amongst which world and state leaders, such as President Clinton, His Majesty the King of Sweden, Their Majesties the Queens of Denmark and Holland, as well as Presidents and Prime Ministers visiting officially the Administration of the President of the Republic of Bulgaria.

I strongly recommend architect Ivo Pantelev and Architectural Design Agency for the design of high rank spaces and facilities.
